Publication Agriculture in łódzkie voivodship in 2019

31.07.2020

The publication "Agriculture in łódzkie voivodship in 2019" is the next edition of the annual study in the field of agriculture statistics. The source of statistical data contained in this study are the generalized

results of representative surveys on individual farms, estimations and evaluations of experts, as well as statistical reporting from the scope of production and procurement of agricultural products. To illustrate the price dynamics of agricultural products data from monthly price quotations conducted by statistical interviewers was used.
